

TOKENS TRINKETTE

CANDIED HONEY / PLASHETTE TOKEN

'Angie' as she was affectionately known is a foundation mare for our stud. By the wonderful PLASHETTE TOKEN out of CANDIED HONEY, she has a double cross of Gibbergunyah. Bought by Brian as a 5yo she

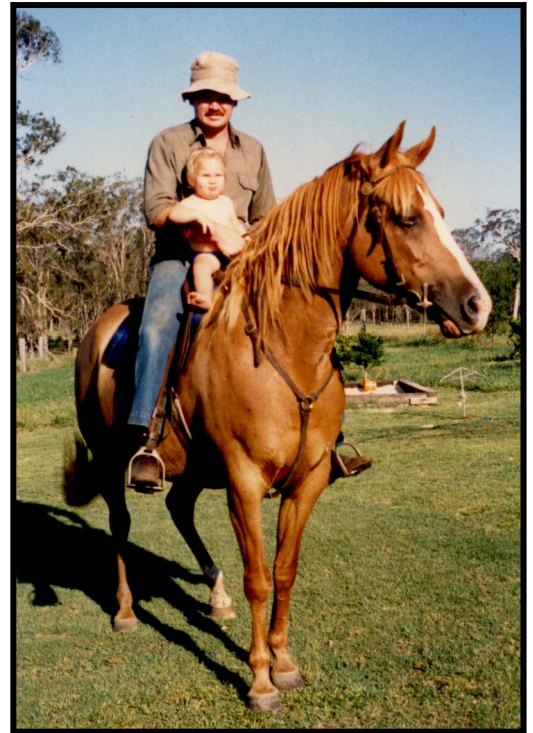

was for many years a wonderful matriach of our

family. From swimming through flood or drains to move cattle, to leading children on ponies, trail rides in the bush, long days of drafting cattle with either Brian or Erin

and raising children of her own, often doing a days cattle work with her current foal locked in the stockyard. Her offspring have inherited her

wonderful tempremnt, and hard working, never tire, always happy attitude which made her the favourite. Sadly we lost her to colic at the age of 28. However her legacy lives on in her progeny, ARAKOOLA KIRI, ARAKOOLA MELODY, ARAKOOLA ANDY, ARAKOOLA TALISMAN and ARAKOOLA MEDALLION. Kiri and Melody have been wonderful broodmares for us with many successful progeny like ARAKOOLA NIKKI and ARAKOOLA JAZZMAN, Andy, Talisman & Medallion are well known for their performances in all disciplines.

Right: Angie & Erin Hodges. Angie was wonderful with children.
